

1.	Title of the course	Special Topics in Computer Science and Engineering II
2.	Course number	CS799L
3.	Structure of credits	3-0-0-3
4.	Offered to	PG
5.	New course/modification to	Modification To CS7999/11
6.	To be offered by	Department of Computer Science and Engineering
7.	To take effect from	January 2022
8.	Prerequisite	Nil
9.	Course Objective(s): To enable the research scholar to reproduce/create research experiment from the state-of-the-art, report the results produced and make a presentation.	
10.	Course Content: Understand the various techniques and tools used in the state-of-the-art and reproduce/create research experiments and analyze the results. Present the results in a technical report and make a presentation.	
11.	Textbook(s): 1. No Author and No Author, <i>Research</i> , 1st Edition, Research (2020).	
12.	Reference(s): 1. No Author and No Author, <i>Research Papers</i> , 1st Edition, Research (2020).
